Housing Information

Due to the large number of exchange students and difficult housing situation in general, the International Center is forced to offer its housing service on a first-come-first-serve-basis.

You can search independently e.g. by using the following Websites (see below). There are e.g. accommodations in private and shared flats (in German: WGs or Wohngemeinschaften) or apartments. Prices vary, usually between ca. €250 - 400 per month depending on the size, equipment and the distance from campus.

If you search for housing on your own, please consider that the process may take several weeks. The following steps need to be done:

- Browsing for suitable apartments
- Setting up contact with the landlord
- Interviewing with landlord, checking the accommodation (in German: Wohnungsbesichtigung)
- Doing the contract, which usually include a deposit (in German: Kaution) and if you take advantage of an real-estate agent (in German: Makler) also provision

However, you have to take in consideration that most of the offers will not be furnished, especially apartments, will not have the full equipment like bed, wardrobe and accessories such as pillows, blankets, cups and plates for kitchen etc. It is in your personal decision, if it would be an option for you to buy all the things you need for your exchange period.

We can not recommend to look for housing during our Orientation, as this is time consuming and you have to keep the appointments on the Orientation schedule. Furthermore, we are not able to enroll you as a student without an address in Germany. Therefore, please take care about housing in time – before our Orientation starts.

For the first days in Worms it could be a possibility to stay in the youth hostel. Information: worms@diejugendherbergen.de and phone 06241 - 25780.
