To whom it may concern:

Ridha Mejri has been working as a service partner with Crown Worldwide to facilitate Crown's intercultural training programmes for various corporate clients in Germany since 2012.

He has conducted one day individual and group intercultural training programmes for expatriate employees and families relocating from various locations to Germany.

Ridha always receives great feedback from participants, is always flexible to accommodate the customers' needs and is very understanding of clients concerns and able to provide suggestions and solutions.

For Crown, Ridha is friendly and reliable when working with our intercultural services teams and is always diligent and professional in his manner and handling of information. We are very pleased to work with him and highly recommend him as an intercultural consultant.

Sincerely,

Elizabeth Herbert
