RESPONSIBILITIES
As of January 1st, 2020, you will be supporting us as a working student in our Marketing & Communications team in graphic and web design.
- For this, you will develop creative graphic ideas and design illustrations, vectorizations and animations for various communication materials.
- You will transform graphic concepts into digital formats and create professional presentations as well as templates.
- Independently you will be responsible for editing, processing and retouching product graphics as well as videos.
- Additionally, you will support our team in designing, servicing and refining our website.
- You will monitor and analyze national as well as international online trends.

QUALIFICATIONS
- Currently, you are studying Graphic Design / Media Design, Visual Communications or Communications Design.
- You already gained experience in photography as well as image editing and are confident in designing infographics as well as interactions.
- In addition, you have good skills in graphics and design for online as well as print media and in HTML 5 as well as CSS 3.
- You are familiar with MS Office and content management systems such as Adobe Experience Manager.
- You communicate effectively in German as well as English and convince with your pronounced customer orientation.

BENEFITS
- Development discussions and programs so that you can reach your full potential.
- International assignments where you will build networks and experience different cultures.
- An attractive competitive salary that is based on the company’s success and your individual performance.
- Health and wellbeing programs to help you achieve better health and work-life balance.
- Flexible work arrangements so that you can balance your working life and private life.
- A secure work environment because your health, safety and wellbeing is always our top priority.
- Your contribution to a sustainable future because sustainability lies at the heart of everything we do and is a driver of growth.
- Onboarding to help you settle in quickly, ensuring you are part of the BASF team from day one.
- Support of all employees by using different measures to ensure the balance of professional and private life.
